We had an unfortunate incident on Good Friday where a cell phone was stolen while waiting to be collected from church. The person in question was not hurt, however it is such an invasion of one's personal space. Don't let the criminals win. Walk with your head upright. Make eye contact. Thieves often target victims who are talking in groups or who are looking down.

Pay attention to your surroundings when using electronics on the streets. Don't tune yourself out. Don't walk and text. Keep Safe.
